*For those I loved along the journey
– for the bitter and the sweet
It was beautiful*

1.

Make

Make something every day

Make a poem or a picture

Make dinner

Make a new friend

Make time, Make up, Make out

Make it work

Make love

Make the world a more beautiful and
brighter place

The forces of darkness never take a day off

Make sure you don't either

Make something every day

Make

2.

Mark the time, mark the days
Ring the chime and count the ways

Cat be nimble, cat be quick
Crash the cymbal, make it slick

Enjoy the night, enjoy the day
Dim the light, let the music play

Summer's near, Summer's new
Keep it here and make it true

3.

you and me, warm and near
behind my eyes who's to know?
your face I see, your words I hear
dreams as soft as falling snow

4.

haiku

palm trees, a cool breeze
sun kissing across the sea
spirits in the deep

*

waking beside you
where the sea touches the sky
summer drifts away

*

waves on the water
the autumn wind is coming
warming in the bath

5.

Moon in a cat's eye
The heart hangs by a ribbon
Will it shine again?

6.

old wire frames and a lock of hair
a watch waiting to be wound
among her things a box of treasure
accidental relics lovingly bound

between pages of a book of prayer
a photograph faded and old
marked priceless now by any measure
at last, the story will be told

7.

let me sleep a little while longer
dream in amber glow and soft focus
eyes closed with soft kisses
against what I've often known
it's the small things that pain
in the dark with open, weary eyes
the silences not warm between us
but far away and forgotten
little things like needles
careless words and misplaced gifts
first kisses and last goodbyes
instead remember forward fondly
see what is true -
what was will always be
such happiness again

8.

Here is a reason
For embracing the season
Look at the part
That kisses the heart
The love that you see
Is a joyous gift from me

9.

My journey written on my skin
Beauty deep and where within
It's time to love the skin you're in
Good deeds done and every sin

10.

cats dream in black and white
not what they seem and not what they might
to them the shadows gleam and enchant the
night
the dark is supreme and colors their sight
and love is the moonbeam that falls just right

11.

I stare into your eyes
and dream of diving into the deep ocean of
you
swim with the secret current that flows
through your body
drink from your cup and become like the sea
waves like whispers caress our shore
again and again
as endless as the stars over the horizon

12.

round and round we go
years counted in seconds
miles measured in strides
valkyries broken and put to heel
wounded toes and worn-out soles
my heart races to get out
and you to make
my feet pretty again

13.

once upon a time
there was no time
then they looked in the mirror
and became the measures
of moving through spaces
from moment to moment
together dreaming and forgetting
on journeys counted to the morning
when they wake and again remember
in their reflections
there was no time
once upon a time
