Soleil Libre

BY JENNE — 2026-02-16

The Isles of Soleil Libre are an idyllic 3DX naturist hideout created by **Jenne**. These Isles represent a life style that harks back to the very core of what it means to be human. In this series of stories Jenne uses the extensive mythology of the isles to introduce us to the naturist philosophy.

If you'd like to learn more about the isles, their mythology and the wonderful community around them — join the [Soleil Libre discord](<https://discord.gg/5HJg36GF5G>).
