An insider tip for House Music

There's a secret corner of the electronic music universe where quality reigns supreme and the deep rhythm of the beat is all that matters. This corner is known as *The Raven*, an insider tip for true House Musi¹c enthusiasts.

Born from a dream shared by passionate music lovers, The Raven was created with one purpose: to give high-quality House Music the space it truly deserves. This is not a club built for the masses or a place chasing popularity; it is a haven for real electronic music lovers, true connoisseurs, and people who feel the deep house beyond the surface.

The Raven stands unique, originally the only club entirely dedicated to House Music and its many beautiful forms, from the old, soulful grooves to new, progressive journeys. Every night is carefully crafted around quality, atmosphere, and musical identity. As the club evolved, its underground soul naturally opened the doors to alternative sounds, including Techno² and deeper electronic vibes, while the core essence of authenticity, underground culture, and music with character remains untouched.

What truly defines The Raven is not size, hype, or numbers; it is the experience. This experience includes a rich lineup of talented DJs, carefully select sets, immersive atmospheres, and a community united by a genuine love for underground electronic music.

The management team bringing this vision to life includes *DanyXX*, the project mentor, alongside her wife *Saelitha*, together with *DjAndyCymru* and his partner *Juzzika*. They share the same passion for creating unforgettable musical nights.

The Raven opens its doors **every Sunday**, from **10 PM CET** until 2 AM CET.

Feel the vibe, and lose yourself in the music.
